

Special Wallpaper Adhesive - ready to use

Area of application:

decotric Special Paste - Ready to Use is ideal for wallpapering all paper and woodchip wallpapers.

Properties:

- · High initial adhesion and bonding strength
- · Ready to use for application with a brush
- Easy to correct
- · Dries transparent
- For indoor use
- solvent-free

Technical data:

Raw material base: Methylcellulose, water, additives

free, water, additives

Density approx. 1 g/cm³

pH value: 8 - 9

Substrate preparation:

The substrate must be dry, sound, level, evenly absorbent and free of separating agents (dust, grease, etc.). Remove old wallpaper and poorly adhering paint. Fill cracks, holes and uneven areas. Consolidate sanding and chalky substrates with decotric Tiefengrund LF. Pre-treat or prepaste highly absorbent substrates with decotric Tiefengrund LF or decotric Tapeten-Wechselgrund (for easy wallpaper removal later).

Application:

Apply the paste to the wallpaper with a brush and stick it to the wall. Press down evenly and bubble-free.

Consumption:

Approx. 200 g/m².

Notes

The wallpaper manufacturer's instructions for use must be followed. Remove any paste residue from the front of the wallpaper immediately with a damp cloth. Do not use at substrate or room temperatures below +5 °C. Clean tools with water immediately after use.

Please refer to the safety data sheet for safety-related information. Current safety data sheets are available on our website www.decotric.de or atsds@decotric.de.

Storage:

Store containers tightly closed and in a cool place, but not exposed to frost. Keep out of reach of children.

Disposal:

Only recycle containers that are completely empty. Dried material residues can be disposed of with household waste or as construction site waste. EWC waste code no. EWC 08 04 14.

Item no.	EAN	Container size
015904001	4007955159124	5 kg
015903001	4007955159131	10 kg
