

decotric Rapid-White - Touch-Up Paint

Use:

Washable renovation paint with good opacity for all minor cosmetic repairs indoors. For quickly touching up stains and scratches. Integrated brush allows straightforward, neat paint application directly from tube.

Properties:

- supplied with brush
- good hiding power
- solvent-free

Technical data:

Raw material base:	Polymer dispersion, titanium dioxide, fillers, water, thickening agents and additives
Density:	Approx. 1.64 g/cm ³
pH value:	7-9

Substrate preparation:

Substrate shall be dry, strong and free from dust and grease.

Application:

Shake tube well prior to use. Remove screw cap, press gently on tube to fill integrated brush with paint and apply paint uniformly to area to be touched up. If necessary, repeat procedure after first coat has dried.

Note:

Do not use at building fabric and room temperatures below +5 °C. Wash brush with water after use.

Please consult safety data sheet for safety-relevant data. Up-to-date safety data sheets are available from our website at www.decotric.de or from sds@decotric.de.

Storage:

Store in cool, though frost-free environment in properly sealed containers. Keep out of reach of children.

Disposal:

Hand over only fully emptied containers for recycling.
